About SIGMA

As a reputable system house in Saxony SIGMA Chemnitz GmbH operates as system integrator and partner of well-known Providers in the IT sector. Our over 80 employees at the Chemnitz and Dresden sites form a competent team at the location Chemnitz. With expertise, competence and over 30 years of experience we offer our customers reliable and powerful solutions.

About CEFEG GmbH

Today's CEFEG GmbH Federn- und Verbindungstechnik Chemnitz was founded in 2005, but looks back on a history of more than 30 years in the production of springs. The company manufactures stamped and bent parts and technical springs made of wire and strip, among other things as a supplier to the automobile industry.

Renewal of server and storage system at CEFEG

 www.cefeg.de

Initial situation

At CEFEG, the replacement of the IT system previously in use was imminent.

For many years, CEFEG GmbH has been intensively supported by SIGMA Chemnitz from the acquisition to the maintenance of its IT infrastructure. In previous projects, REDDOXX e-mail archiving, Sophos firewall, mobile device management, server, storage, several clients and workstations as well as Veeam backup were successfully implemented by SIGMA Chemnitz. Due to the long-standing partnership, CEFEG commissioned SIGMA Chemnitz to plan the upcoming IT system replacement.

The reason for the IT system renewal was the introduction of a new ERP system and the end of the lifecycle of the hardware of the old system.

The new ERP system placed certain requirements on the hardware, which the IT system previously used did not fulfill.

The solution – Renewal of server and storage system

With SIGMA Chemnitz as a competent IT service provider, CEFEG decided on two Fujitsu PRIMERGY RX2540 M5 hypervisor servers and a Fujitsu ETERNUS DX100 S5 storage system.

In order to integrate the new hardware into the infrastructure environment, the SIGMA carried out technical preparations and, in coordination with CEFEG's ERP service provider, extensive data migration.

This is what our customer says...

„Thanks to the expertise of our long-standing IT service provider SIGMA Chemnitz, the new hardware was integrated into our IT landscape without interruption and compatibility with our ERP system was ensured.“

Madlen Olzscher, Head of Finance & Human Resources at CEFEG GmbH
