About SIGMA

As a reputable system house in Saxony SIGMA Chemnitz GmbH operates as system integrator and partner of well-known Providers in the IT sector. Our over 80 employees at the Chemnitz and Dresden sites form a competent team at the location Chemnitz. With expertise, competence and over 30 years of experience we offer our customers reliable and powerful solutions.

About Gretenkord

The butchery Gretenkord GmbH & Co. KG is a private butchery founded in 1903, which since 1991 has built up a large network of butcher stores in Saxony and Thuringia. The branches are supplied with meat and sausage products cut and produced in the head office.

Modernization of the IT infrastructure of a butchery

www.gretenkord.de

The initial situation

As a long-standing maintenance customer of SIGMA Chemnitz GmbH, the IT infrastructure-specific conditions at Gretenkord GmbH & Co. KG are well known. Due to the end of support for various hardware and software (Microsoft Exchange Server, Windows 7, Windows Server 2008 R2 and Terminal Server) there was an urgent need for action.

The challenge

At the beginning, the saxon meat and sausage producer was faced with the challenge to define a target system. The transition from the current IT infrastructure to the new IT system was to have as little impact as possible on day-to-day business. Another objective was to avoid any data loss during the data transfer.

The implementation

SIGMA Chemnitz GmbH's task was to convert the system to Windows Server 2019, the migration to Exchange 2019, the roll-out of the hardware as well as the complete data transfer to the new IT systems. With regard to the hardware, Gretenkord GmbH & Co. KG ultimately decided for two new Fujitsu PRIMERGY RX2530 M5, an all-flash storage DX100 S5, a new backup server RX2520 M5, a new UPS and nine new thin clients FUTRO S720.

This is what our customer says...

„Thanks to the comprehensively developed concept of our partner SIGMA Chemnitz and the high quality of the technology used, our IT system is now very well equipped to meet the requirements of the coming years very well equipped.“

Dietmar Gretenkord, Managing Director of Gretenkord GmbH & Co. KG
